

## Envision Casement Windows

Designed for Beauty, Performance, and Efficiency

Vector Windows proudly offers Envision Casement Windows, blending modern design with exceptional performance. Available in a variety of sizes, colors, and configurations, these windows add beauty and functionality to any space. Whether you need standard or custom solutions, Envision's continuous main frame design ensures a sleek, sophisticated look that complements geometric and radius shapes.

### Elegant Design with Continuous Frame

The innovative design features a continuous head and sill that provides clean sightlines, allowing for more visible glass. Perfectly complements geometric and radius shapes, adding a touch of sophistication to any space.

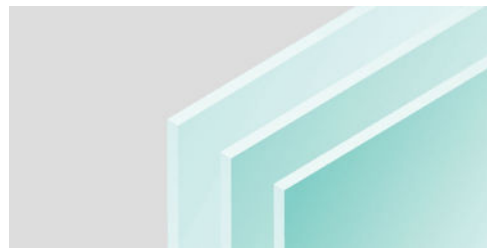

### Easy Operation & Simple Cleaning

These casement windows open a full 90 degrees for complete ventilation. Our washability hinges pivot the sash toward the center, making it easy to clean both sides from the inside.

### Enhanced Security & Seamless Functionality

Feel confident with the dependable Multi-Point Locking system that secures your windows. Sleek folding handles provide a modern touch while ensuring smooth operation without interfering with window treatments.

### Maximize Energy Savings with ENERGY STAR® Certification

Achieve exceptional energy savings with triple-pane glass, qualifying for the ENERGY STAR® "Most Efficient" designation. Ideal for northern climates, our windows help keep your home comfortable year-round.

## Color & Glass Options

### Interior & Exterior Color Choices

Choose from a variety of interior and exterior colors to suit your project needs.

### Grid & Extension Jamb Colors

Customize your windows with grid color options and extension jamb colors.

### Glass Options

Select from clear, tinted, or reflective glass to meet your design needs, including options for acoustic glass to reduce noise.
