

# EZ TRIM RETRO BRICKMOULD

Add sophistication and simplicity to your home project with the Vector Windows ready to install retro brickmould vinyl windows. The factory installed EZ-Trim Retro Brickmould is the ideal window installation solution for remodel and retrofit applications.

## Easy to Measure

Simply measure the dimensions of your existing brickmould trim and using the brickmold measurement type and our system can automatically convert your window size to fit the opening with the EZ-Trim Retro Brickmould. Or if you would like to do the measurement conversion manually would take off of 3 1/4" on the width and 3 3/4" off the height of the Brickmould to brickmould size for your windows size measurement. (2 1/2 height on 3 sided brickmold)

## Retro Brickmould

## » Easy to Install

EZ-Trim has a convenient screw channel on the face of the product which allows for installation from the exterior without removing your siding.

## » Traditional Styling

The 2" contoured top and sides and a 1" subsill give the appearance of traditional wood trim.

## » Ultimate Durability

EZ-Trim also features welded corners, and a sturdy multi-chambered design for the ultimate durability and performance.

## » EZ Trim is available for the following products:

### Envision Series

Double-Hung

Single-Hung
