

Envision Special Shapes Windows

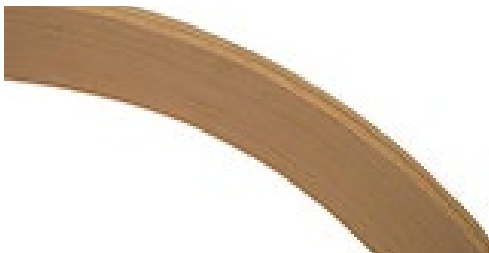

Custom Design for a Unique Look

At Vector Windows, we offer Envision Special Shapes windows designed to your exact specifications. Choose from our wide selection of non-standard shapes, or create a one-of-a-kind look by combining them with any of our standard window systems.

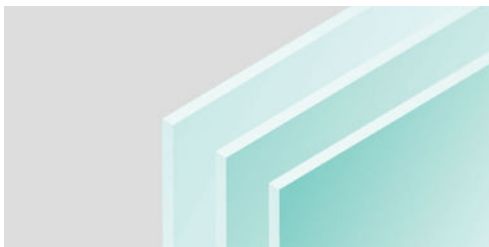

Customizable Design

Create a truly unique window design with custom sizes available for every shape. Whether you prefer a single unit or a combination of shapes, Envision windows are made to fit your needs.

Bold Frame Profile

The full 3 1/4" frame depth creates a sophisticated, architectural profile that brings custom shapes to life. With Envision Special Shaped Windows, you can achieve a refined, tailored look for any home.

Enhanced Energy Efficiency

With the option for triple-pane glass, Envision Special Shape Windows meet ENERGY STAR® 7.0 standards for Northern Climate Zones, providing excellent energy efficiency by reducing heat loss and enhancing insulation.

Color & Glass Options

Interior & Exterior Color Choices

Choose from a variety of interior and exterior colors to suit your project needs.

Grid & Extension Jamb Colors

Customize your windows with grid color options and extension jamb colors.

Glass Options

Select from energy efficient LoE, clear, or tinted to meet your design needs, including options for Acoustic Glass to reduce noise and Breather Tubes for optimal performance at high altitudes.
